

Ready to be a Time Traveler?

Jump into the Time Travel Machine! How has architecture changed over time? Be part of a "jig-saw" experience and tackle one style of architecture by researching a building on the following list. You may choose to work with a partner. Your team will share what you learned from your travels with the class so we can all learn about how architecture has

changed over time. **Be thinking about the reasons styles change.**

Presentation Parts:

1. The name and location of the building
2. The "style" of architecture - Greek, Islamic, Modern, etc.
3. Purpose  of the structure - Religion, Government, Museum, Monument, etc.
4. Details  give at least 3 materials used in the structure and any new technology for the time period (For example, the Romans invented concrete and it was used to make strong arches. New technologies allow for new designs.)
5. Elements  of the style that were very important (For example, columns were important in Greek architecture.)
6. At least 2 features  of this building that really catch your attention.
7. Tell the story of the building

Extension Choices:

1. Use Google Maps on the iPad to stand on a street across from your building of choice. Be sure to take a 360 degree tour of your building.  Then take a screen shot and save to Gallery so you can use as one of your images. Did they
2. From your reading, share what you think is valued in the culture value power, religion, business, beauty, etc.?
3. Build a model or sketch one element important to that style.
4. Think of your own extension and share your ideas with the teacher.

Name: _____

Use the Presentation Parts and the Evaluation Criteria to guide you!!

Evaluation Criteria:

1. Does your presentation share the information on the list?
2. Did you use multiple apps? Please list: _____
3. Does the app you chose for the overall presentation allow you to share information easily and clearly?
4. Does your presentation showcase your imagination?
5. Did you do your best work?

I am most proud of:

If I had more time, I would:

Reflections:

After listening to the presentations of others, what are some reasons styles have changed over time?

Building List

1. Stonehenge- Ryan
2. Great Pyramid of Giza - Egyptian- Connor
3. Parthenon - Greek- Riya
